

Registering for ClinicalKey Remote Access

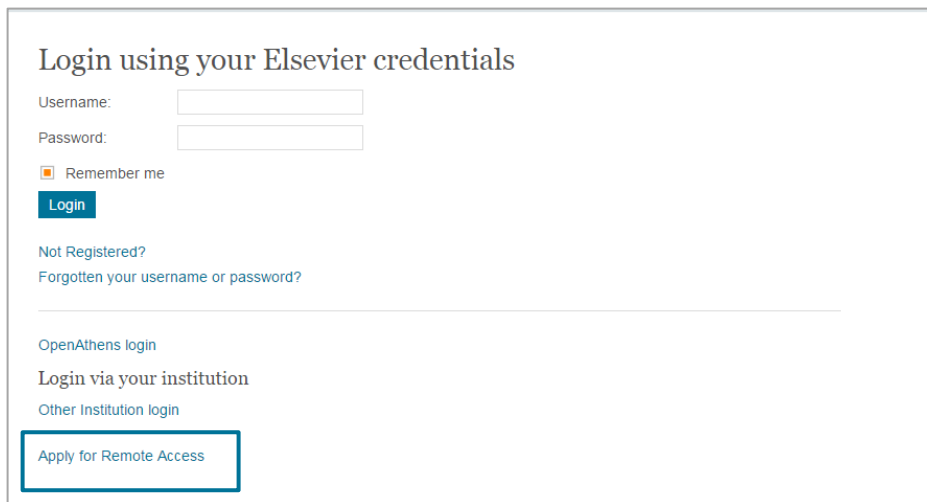

Remote access allows you to easily access ClinicalKey when you're not on your institution's network. The instructions below outline how to activate remote access.

For Institutional Users with a User Profile/Personal Account

1. To activate remote access, click **Login** at the top of ClinicalKey.

2. From the Login page, click the **Apply for Remote Access** link.

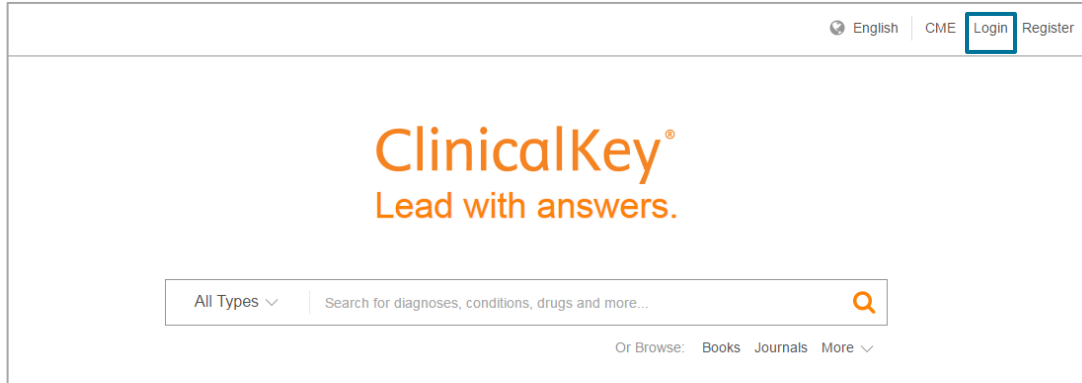

3. Enter the email address associated with your user profile and click **Continue**. ClinicalKey displays an activation message and sends you a confirmation email.
4. Click on the link within the confirmation email to **activate remote access**.
5. Remote access is now activated and you can use ClinicalKey anytime, anywhere when logged into your user profile.

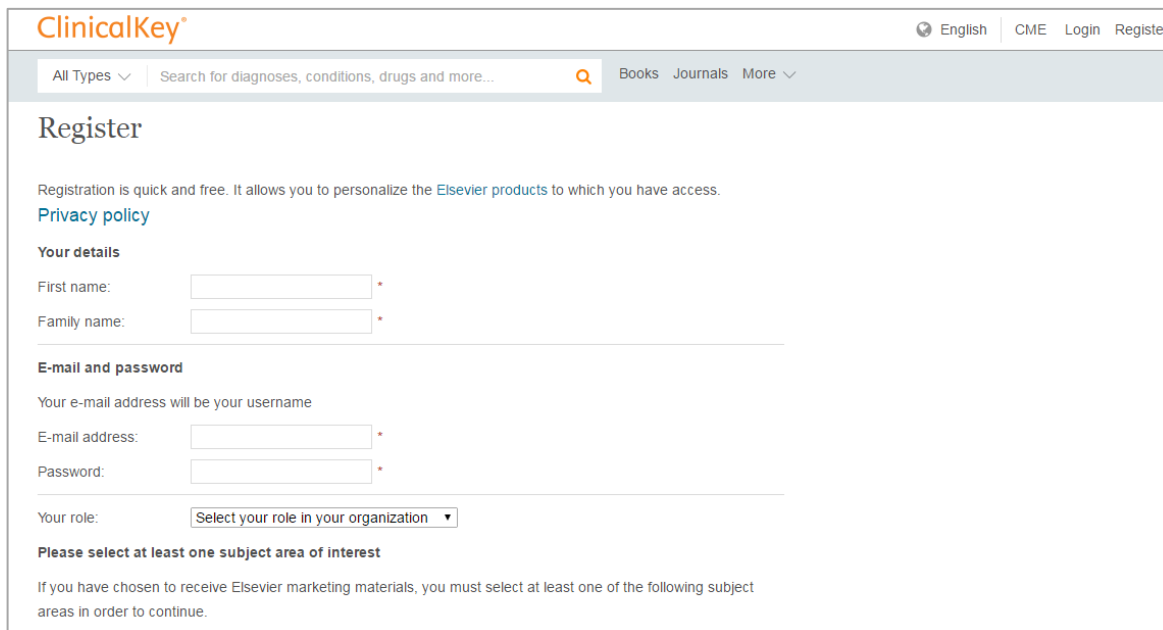

If you have questions or require assistance, please contact our technical support team at usinfo@elsevier.com or 1-888-615-4500. You can also review the FAQs on the ClinicalKey Support page for more information.

For Institutional Users without a User Profile/Personal Account

1. Go to **www.ClinicalKey.com** and click **Register** in the top right corner.

2. Using the email address associated with the institution that offers you ClinicalKey, fill in the required information on the registration page.

A screenshot of the ClinicalKey registration page. The page title is 'Register'. Below the title, there is a message: 'Registration is quick and free. It allows you to personalize the Elsevier products to which you have access.' followed by a link to the 'Privacy policy'. The registration form is divided into sections: 'Your details' with fields for 'First name:' and 'Family name:'. 'E-mail and password' with a note 'Your e-mail address will be your username' and fields for 'E-mail address:' and 'Password:'. A dropdown menu for 'Your role:' is set to 'Select your role in your organization'. At the bottom, there is a section titled 'Please select at least one subject area of interest' with a note: 'If you have chosen to receive Elsevier marketing materials, you must select at least one of the following subject areas in order to continue.'

3. Click **Register** when finished. You now have a ClinicalKey user profile.
4. ClinicalKey displays an activation message and sends you a confirmation email.
5. Click on the link within the confirmation email to **activate remote access**.
6. Remote access is now activated and you can use ClinicalKey anytime, anywhere when logged into your user profile.
